

User Stories- As a taxi driver I want to be able to use the most efficient route so that I can save money on gas.

As a route planner for the city I want to be able to plan routes for my trucks so that we can save time.

As a nurse I want to be able to obtain the quickest route so that I can make it to work with time to spare.

As a bicyclist I want to be able to see the location of sidewalks and bike lanes so that I can be active in my free time.

#### Feature list

- Current road conditions
- Time sliders to show average road conditions based on time
- Availability of sidewalks and bike lanes
- Feature to determine the shortest route from point A to point B
